WILMINGTON'S PRIZE WINNING NEWSPAPER

VOL 8 NO 5

NORTH WILMINGTON, MASS. JULY 30, 1959

PRICE 10 CENTS

ST DOROTHY'S IN SEMI-FINALS AT AVCO PARK SUNDAY

ST DOROTHY'S GIRLS TO PLAY ST BRENNAN'S AT AVCO PARK BOSTON DIOCESE SEMI-FINAL

The Boston Diocese CYO Semi-Finals in girl's soft ball will be played at the AVCO baseball park, off Lowell St. Sunday afternoon, at 2:30.

St. Dorothy's girls, fresh from their victory over Salem

will host St. Brennan's girls, from Dorchester.

This is the last game in the Diocese before the final championship games, still to be announced. The winner of this team will be in the finals, for the entire Boston area.

WOBURN KO's WILMINGTON LL

Little League Wins Twice Then Loses

Once again the number three has proved to be a jinx to a Wilmington Little League Tournament Team. For the third year in succession, the team won its first two games and lost the third to be eliminated from tournament competition.

This year's effort was a more glittering one than those of previous years, however, principally because neither of the first two opponents was able to score a run against the sterling pitching of the Wilmington club. Both Mike Anderson and Pete Emery permitted just four hits in shutting out Colonial of Acton (4-0) and Assabet Valley of Maynard (1-0) respectively.

Wilmington 4, Colonial 0

In the Thursday game with Colonial, the only one played at home, the Wilmington boys scored twice in the second and twice in the third to salt away the game early. Lynn Billings had the distinction of scoring the first run while Pete Emery and Nino Trimarchi each batted out a pair of hits.

Colonial started out with two hits in the first inning but Pitcher Mike Anderson seemed to get stronger as the game progressed, striking out ten and permitting only two more hits the rest of the way.

For Wilmington, singles by Billings and Trimarchi were followed by the shortstop's error in the second to account for the first two runs. In the following inning, Emery's single and Sarchione's double led to the final two runs of the game.

Wilmington 1, Assabet Valley 0

Johnny 'Little Ton' of Dynamite' Bevilacqua proved to be the difference in the Assabet Valley game when he untied a scoreless pitcher's duel with a line drive home run over the left field fence in the fifth inning. To give some idea of the timeliness of this blast, it was the second and final hit of the day for the Wilmington lads.

Pitcher Uglevich, whose brother had hit a home run in 1957 to help knock Wilmington from tournament competition, pitched the first three innings as though he had to keep the family tradition. Nine Wilmington batters went to the plate and nine batters went down in succession. Billy Ritchie opened the fourth with a base on balls and Sarchione singled to left to put two base runners on for Wilmington's first offensive threat. Mike Anderson's fly ball to deep left field ended the inning, but Assabet Valley's

(cont Pg 3)

HATHAWAY PIT BLOCKED

OPERATION GRAVEL BLOCK A SUCCESS

Steve Hathaway's illegal gravel pit operations on Snyder property are no more.

Town officials, arriving at the scene last Thursday noon-time found Hathaway had all ready pulled out his power shovels, and was loading fill from the Siegal property, adjacent to the old Salem & Lowell Railroad.

Under command of Acting Town Manager, at Thibault, a party of town employees left the Brown's Crossing water station at 12:30, and drove the short half mile up the old abandoned railroad track to the point where the trucks had been entering the Siegal (formerly Curtis) land, and going on to the illegal pit.

A number of cars were across the road, blocking further progress.

Thibault walked up to the operations, to be met by Hathaway, who in a rather excited voice forbade Thibault and his

party from 'trespassing on my land'.

The town party was obliged to go up through the woods to the illegal road, which was then blocked off by two metal signs and a two inch manila rope, stretched across the access road. Officer Dolan was left to insure that no further trespassing.

Hathaway was reported to have stated that he already had all the fill he wanted from the Snyder pit, but he left with the declaration that he was going to get a 'drag line' and dig below water level, on the Siegal property.

The Siegal property is a part of the property for which a Board of Appeals hearing was held last April, but for which no decision has yet been given. It has been excavated nearly down to the water level.

Operations since last Thursday have been at a slow pace, with only one power shovel in operation, and a few trucks.

LITTLE LEAGUE TOURNAMENT TEAM

Front Row: Eddie Sullivan, Paul Currier, Johnny Bevilacqua, Joe Tennehan, Keith Gunning, Billy Ritchie, Cary Coombs.

Back Row: Randy Walden, Lynn Billings, Mike Anderson, Pete Emery, Ken Sarchione, Nino Trimarchi, Bob Carney.

Bat Boy in front: Billy Pierce.

Polaroid

HENRY HESSE NAMED TO BOARD OF APPEALS

Henry R. Hesse, Jr., of West St. has been named an Associate Member of the Board of Appeals by the Selectmen.

A resident of Wilmington for 20 years, he is a graduate of Wentworth Institute, and is employed by AVCO as a Laboratory Technician.

He was President of the Wilmington Community fund, and served with that organization for 3 years. He also was Skipper of the Wilmington Sea

Scout Ship.

Mr Hesse's appointment is to fill the vacancy caused by the resignation of Lloyd Laffin, and the elevation of Associate Member Walter A. Lawler to full membership.

TEMPORARY TOWN MANAGER

Stanley Webber, Principal Assessor of Wilmington, who has been appointed Temporary Town Manager by the Selectmen until Cecil Lancaster takes over in mid-August.

LANCASTER TO LEAVE MANSFIELD AUG. 15TH

Cecil O. Lancaster, Town Manager-elect of Wilmington officially resigned from his Mansfield (Mass) post on July 20th. Members of the Board of Selectmen of that town asked Lancaster if there 'was anything that could be done' to keep him in Mansfield.

Lancaster's last meeting with the Mansfield Selectmen is scheduled for August 12th. He is expected to leave on Aug. 15th for Wilmington.

GLEN ROAD CROSSING GATES HEARING

A public hearing is to be held in room 166, State House, on August 6th., at 10 am relative to a petition for crossing gates, for the Wildcat Railroad crossing of Glen Road.

THAT LAWSUIT

We owe an apology to Campanella & Cardi. A few weeks ago this paper made a supposition that there was an "harrasment" intended in their suit for damages against our former Town Manager.

We still do not think much of the suit, but we are told that it was instituted two days after the alleged interference. The delay in the serving was not the fault of Campanella & Cardi.

Meanwhile we have a thought for our Selectmen.

Mr. Calabrese undertook his action, for which he is now being sued, with your full knowledge and approbation, as well as that of the Town Counsel.

Mr. Calabrese is now seeking to sell his home. The lien on his home constitutes a difficulty, at least to a measurable degree. It is true that he can sell the home if he supplies a bond - but why should he, who was serving in the interest of the town, be forced to do this?

Our Selectmen, we are told, can have the bond supplied by the town with no trouble at all. They should move to do this immediately.

Why should a servant of the town be personally harrassed for doing his duty?

A SLIGHT DIFFERENCE

Perhaps it is a matter of no importance, but there is a slight distinction or difference in the post of Town Manager as it is being fulfilled by Stanley Webber, and as it was being fulfilled by, say, Patrick Thibeau.

The distinction is in the title. Mr. Webber is Temporary Town Manager. Mr. Thibeau was Acting Town Manager.

The difference is in the appointing authority. When a Town Manager appoints a substitute, that substitute is entitled "Acting Town Manager". When the Selectmen do the appointing the title is "Temporary Town Manager".

THE URBAN RENEWAL DILEMMA

Victor Gruen Associates, consultants for the Wilmington Housing Authority, are preparing the plans for the projected Urban Renewal of Wilmington Square. A final report from this firm is due shortly.

So far four preliminary plans have been shown by the firm, which is one of the best in the business. Each of the four plans have one common feature in addition to the shopping center - the incorporation of multi-family housing as a part of the plan.

Nineteen single housing units in a distance of about 1000 feet, plus 30 or 40 multi-family housing units were shown on the plan of which a sketch appeared in this paper last week.

Victor Gruen Associates seem unable to recommend any other course and still arrive at a course which will be acceptable to the Federal Housing Authority.

Without housing there will have to be a shopping center on this land which will be one-fifth again as large as that of the Redstone Shopping Center in Stoneham, in order to have a sufficient tax revenue to make the project self liquidating.

A Redstone sized shopping center, it seems, is too large for Wilmington. At the moment this is probably correct.

But the joker is that the people of Wilmington will not accept in Town Meeting any plan which violates the town's carefully built up

SUSIE'S

SONNETS

By Sylvia Neilson

GRACEFUL EXIT

Al sat upon a desk; she

Displayed knees picturesque; he

Declared her act was callous.

And now Welk's show is Al-less.

concept of zoning. The zoning law of this town was prepared by experts, and has done much for the town. Experience has shown that the Wilmington Planning Board has just to say "We do not approve", and the voters will back the Planning Board, every time.

The Housing Authority has told Victor Gruen that Housing will be defeated. They are probably correct.

The Housing Authority members are searching for other revenue producing means for the project.

Their dilemma is quite plain - either find revenue that will be acceptable to the town, or go before the town and say that they have none, and that Urban Renewal will cost more than was originally intended.

A third course can be considered - that of letting the land lie "fallow" for a few years. Eventually business prospects in Wilmington will be such that a Redstone sized project will be too small. Perhaps that is still a number of years away - but why construct houses which will forever limit the size of the project to the figures that are feasible today?

We will not get Federal money, for land that is lying fallow - even if we make it into a park. But our share of the deficit would probably be very much larger than the cost of making a park - so that the park would, in a sense save the town money.

The Rotary Club has started a park in this area - across the street from our projected Police Station and future - to be projected -

\$15,000 could probably finish that park, and hold the land in abeyance for future needs. That would be much much cheaper, in the long run, than inspired housing - in a town which is now committed to build a school a year for the next ten years.

BY ALL MEANS

TOWN NOTES

90 Degree Weather

Instead of the rain that we needed to make the Old Farmers Almanac come true we have had 90 degree weather, and nothing in the shape of water.

Its been hot and humid - the kind of weather that makes the corn grow fast.

But there is still so much water in the ground that the brooks and meadows are still flooded.

Golf Siennanigans

Anything can happen next Wednesday, at the Tyngsboro Country Club, when the Rotarians start to waggle their golf clubs around.

For years there has been a Rotary Foursome composed of Henry Porter, Fill Stevens, Ed Osberg and Johnny Cooke. Full of vim and vigor, and not above a surreptitious kick of the golf ball when no one was looking, the four valiants have declaimed at length about their individual prowess, and the ineptitude of the others.

More golf tournaments, by this foursome, have been won and lost at the Rotary lunch table then on the field, if the truth is to be told, but it doesn't stop them to tell the truth.

This year however, the foursome is no more. Johnny Cooke has departed for other climes.

Fill and Henry, erstwhile team-mates, are now glaring at each other, because they are each captaining another foursome. Ed Osberg is just keeping his mouth shut, and smiling his little angelic smile.

Yep. The Rotary will now have to build up another set of fables about golf prowess. Two foursomes are to play each other. We can foresee a long series of arguments, through the winters to come, while the trenchermen sit at their lunch tables and wave the turkey legs in each others faces.

Quick Answer

The tax bills were mailed out Monday, the earliest day on record, as far as we know.

Stanley Webber, Temporary Town Manager, and Principal Assessor had his first reaction Tuesday morning.

Jim Donahue, of Cypress St. called the Town Hall to report getting a tax bill for a house on a lot which had no house - the lot, as a matter of fact being restricted, by the Planning Board.

Webber thinks its a case of misplaced numbers, or something like that, and expects to get it straightened out shortly.

Blooped

Somebody blooped, somewhere, in placing the advertisement in the International City Manager's Magazine.

The advertisement said that Wilmington employed 260 people and had a budget in excess of \$4,000,000.

It also stated that we had had four Town Managers since 1954.

The salary was advertised as being between 7 and 10 thousand dollars.

No Medford

The Medford Mercury, last week, noticed the appointment of Cecil Lancaster of Mansfield as Town Manager of Wilmington, and told its readers that this time the Town Manager was not from Medford.

NEW JURY LIST BEING PREPARED

Questionnaires have been sent out by the Board of Selectmen to about 30 individuals who are nominated for the new Jury List of the Town of Wilmington.

eventual fate was postponed only until the fifth when Johnny Bevilacqua hit his home run.

Emery Bears Down

Credit must go to Pete Emery also for making this run stand up in the sixth inning. With two away and no one on base, Ruggerio hit a triple to right center field, but, with the potential tying run just 60 feet away, Pete struck out Shortstop Freitas to squelch the rally and end the game.

Woburn 6, Wilmington 1

With two impressive wins under their belts, the Wilmington players journeyed to Woburn's Forest Park Monday night to meet the Woburn American team. Woburn won the game, 6-1. Centerfielder Jerry Gallante and Pitcher Sal De Teso each hit two-run home runs to spark the Woburn team to victory.

Wilmington's attack was more impressive than the score would indicate. The club had seven hits and four walks to work with, but was unable to capitalize until the sixth when Mike Anderson knocked in Pete Emery for the lone score. Both Pete and John Bevilacqua collected two hits.

Traitor

Jimmy Newhouse, who was a spark-plug for the Wilmington Tournament Team in 1958 but who played in the Woburn league this year, cracked out two base hits against his former mates.

Manager Toti Praises Team

Despite their loss, Manager Tony Toti praised the boys for the way they had played and conducted themselves through the three games. He said that no boy could be singled out as the star of the games, but that their success had been a real team effort. Coach Bob Hastings, Jr. echoed Manager Toti's thoughts and hurled a challenge at the Wilmington Pony League team in the same breath to prove that this club hadn't lost its confidence.

Pony League Playoffs Start Tonight

Winners of their league championship, the Wilmington Pony League Wildcats now find that they must win two playoff games before their season can be called complete. Their adversaries in this abrupt two out of three series will be the Reading Y's Men, the only club in the league which was able to defeat the Wildcats all season long. Of the two contests played between these clubs, the Y's Men won the first, 4-1, and lost the other by a 2-0 margin.

This can only mean that there will be plenty of exciting baseball starting tonight, Thursday evening, 6:00 P.M. at the Wilmington High School field. The second game will be played Friday evening at the Reading Park, and a third game, if necessary will be played at the Wilmington High School Field at 10:00 A.M. on Saturday morning.

Mothers & Fathers

The annual Mothers' game with

the Minor League All-Stars and the Fathers' game with the Major League All-Stars are scheduled for this Sunday at 2:00 P.M. on the Little League Field. The players have been circulating through town with tickets and a good crowd is expected to be on hand for these traditional clashes.

No-one has guaranteed that the brand of baseball will be Class A, but everyone is assured of having a good time with a few hardy ha's Ha's thrown in.

ST. DOROTHY'S WINS QUARTER FINALS

Defeats Salem in Close Call

A rally by the Immaculate Conception team of Salem, in the seventh inning nearly spelled defeat for the St. Dorothy's girls Soft Ball team, last Sunday, in Salem.

Determination and Intestinal Fortitude brought the local girls home victoriously.

The last half of the last inning started with St. Dorothy's on top, 15 to 10. The Salem girls, playing on their home field rallied for four runs, and had the fifth and tying run on third base, with two outs, only to have Ruth Sullivan catch a pop fly, and save the game.

At the end of the second inning Salem had a five to one lead. Things looked bad for the Wilmington girls. Salem had a fast and flawless defense, and a line-up packed with powerful right-hand hit-

ters.

In the top of the third the Wilmington lassies rallied their offensive spirit to collect seven runs.

Winnie Mitchell, lb, started off with a single (the Wilmington girls had 18 hits, all singles). Ellen Leahy, cf, followed by Ann Sullivan, ss and Ruth Sullivan, p, made successive hits, which were good for two runs, but the girls had only started.

In rapid succession the Wilmington girls went right through the lineup, each girl collecting a hit. Sheila Maloney, 2b; Elaine Sullivan, lf Claire Boherty, 3b; Rose Elliot, rf; and the girl who started things off, Winnie Mitchell, each collected a hit for a total of five more runs. The score was now eight to five, in favor of Wilmington.

Salem Recovers

Salem bounced back, in the last of the third, to collect two runs, on one hit, to make it eight to seven, and in the fourth collected one more run, tying the game, as the Wilmington girls were held scoreless in the fourth and the fifth.

Maloney Flattens Pitcher

In the sixth Ellen Leahy started things off with the only walk of the game.

Ann and Ruth Sullivan each collected a hit, to keep the ball rolling. Then Sheila Maloney reached first on an error, a move which climaxed when she got to home plate. In

her rush for the safety of that precious corner Sheila encountered the opposing pitcher, who was covering home, with the ball in her hand.

Finding no choice to dodge right or left, Sheila went straight through for the plate Lois Harvey, the opposing pitcher, covering home, was bowled over by 90 pounds of dynamite, losing the ball and her feet, and getting knocked out cold in the process.

That put Wilmington back out in front, 13 to 8. Salem still fought back, scoring two in the sixth, and narrowed the score to 13 to 10.

Wilmington scored two in the top of the seventh, and the inning, and game ended, as related, with Ruthie Sullivan catching the game ending pop fly.

READING AREA 16% AHEAD OF '58 PACE IN NEW CONSTRUCTION

By Robert E. Stewart,

President

Mechanics Savings Bank

Six-month totals in New residential construction in the towns of Reading and North

Reading are ahead of the comparable building figures of 1958. Construction for new homes came to (1958 figures in parentheses): Reading \$797,500 (\$633,000) and North Reading \$536,000 (\$343,500). The town of Wilmington showed an opposite trend with \$644,420 through June this year compared to \$674,500 for the same period in 1958. Three-town area totals came to \$1,967,920 (\$1,651,000). Remodelling of commercial as well as residential structures revealed mixed trends. Through June of this year, Reading reported \$59,490 (\$101,000); North Reading \$59,970 (\$57,175) and Wilmington \$65,620 (\$43,475). Area totals were \$185,080 (\$201,650). Total deeds and mortgages for the first 26 weeks of 1959 came to the following: Reading 424 (284); North Reading 226 (152) and Wilmington 175 (250). Totals were 825 (686).

**TOWN ENGINEER RESIGNS**

Town Engineer George Maynard has submitted a letter of resignation, and is to accept the post of Superintendent of the Department of Public Works in North Reading.

He will assume his new post on August 21st.

Maynard, a Norwich University grad, and an ex-Army Engineer, came to Wilmington Nov. 1, 1956, as Town Engineer.

TAX LAND WILL NOT BE RETURNED

Land off Main Street and Bridge Lane will not be returned to its former owner, in spite of a request by that individual, the Selectmen decided Monday night.

The land which consists of four lots of swampy land, was taken by the town several years ago, for non payment of taxes. Other nearby parcels owned by the same individual were not allowed to go for non-payment of taxes.

Selectman Nick De Felice opposed the return of the land, saying that the former owner knew what he was doing when he let the tax bills slide. De Felice felt that residents of Brand Avenue may want to buy the land. Let him (the former owner) drop dead' was De Felice's expression.

Mrs. Drew backed De Felice, and when Hagerty, for the record moved that the land be sold back to its former owner no one would second the motion

CORRECTION

In last week's Town Crier, in the story about Sunday licenses the impression was given that Mrs. Drew was out-and-out in favor of Sunday licenses.

Mrs. Drew's seconding of the motion by Mr. De Felice was preceded by a statement that she was only in favor of licenses for Sunday sales before 10 am and after 4 pm., and only for those items particularly specified by law. She further stated that she felt that there should be adequate police enforcement, if Sunday licenses were granted.

The appointment of a part-time Plumbing Inspector, under Civil Service rules, has been delayed in order that the incoming Town Manager, Cecil O. Lancaster may make the appointment.

Two Wilmington plumbers have both passed the examination, Herbert Pickering, present Plumbing Inspector, and William Harrison, of Church St.

**NO HIT PITCHER**

Paul Currier, of the Little League Indians, who pitched a perfect game last week.

He is the son of Mr and Mrs. Walter Currier of Cottage St.

FIGHT MAY DEVELOP OVER NARDONE 'GARAGE'

A repair garage, on Butters Row, operated by Joseph Nardone, may become the subject of a legal battle, it was indicated in the Selectmen's meeting Monday evening.

Mr. Nardone, about a year ago asked the Selectmen to rezone his property. He was told that it could not be done because of neighbor's objections and for other reasons. He was advised that if wished to repair cars he should do so in a properly zoned area, not in a residential area.

The Planning Board recently drew to the attention of the Selectmen that the garage was in operation, and the Selectmen caused inquiries to be made.

Monday night they read a letter from an attorney representing Mr. Nardone. The letter tried to establish that the garage had been in business before the zoning law was adopted by the town, and cited some bills which had been paid for services in 1953.

Nick De Felice, Selectman, pointed out that if a garage was operating there in 1953 it was still illegal, because it had no license from the Board of Selectmen.

The matter was referred to the Town Counsel.

NORTH READING RESIDENTS FIND EXCELLENT SWIMMING AT HATHAWAY GRAVEL PIT

The large body of water in the Hathaway gravel pit, off Salem Street is proving to be a mecca for North Reading residents, who are flocking there twenty and thirty at a time to enjoy the clear water.

Contrary to reports that it is 'very deep' a large portion of the pit has shallow water, three and four feet deep, and seems to be safe for children.

Other portions are reported to be much deeper. A diving board has been rigged, by some boys.

No test of the water can be made, for disease, by the Wilmington Board of Health, because the land is privately owned.

NEW GRAVEL PIT

The Board of Selectmen, Monday night, were visited by Dan Tello, of Andover Street, together with Bob Watson, of No. Andover, who discussed with the Selectmen a new gravel pit which Mr. Tello has started in the back of his property (the former Fiorenza place) opposite the Sciarappa farm.

Mr. Watson is the contractor who is operating the pit, using three trucks, the two men told the Selectmen. None of the gravel is being used by any of the new Highway contractors. Some of it will be used by Edsel Tocci, owner of a real estate development on Lowell St. and other gravel is to go to Stoneham, in an operation that is expected to last a year.

The operation is planned to be conducted about 650 feet from Andover Street, in the highest part of the Tello property, to cover about 12 acres and to remove fill so as to make a slight slope towards Andover Street. The rock in the area was described as 'rotten ledge' by Watson, and as a 'sort of decomposed granite' by the Building Inspector, Minot Anderson.

Anderson told the Board of Selectmen that he had found the operation last week, and it consisted of 'stripping' the top soil back so as to expose fill, which was being trucked away. He did not consider it to be irreparable damage, so he was unable, he told the Selectmen, to ask for an injunction.

Selectman Hagerty: Did you stop the operations?

Anderson: No

Hagerty: The Zoning Laws say you cannot remove gravel without approval of the Board of Appeals.

Hagerty went on to say that permission should have been granted by the Selectmen, too.

Anderson mentioned that two shovels are operating in the Baldwin pit, without permission.

Hagerty: Why aren't you in Superior Court with them?

Anderson: Because the Town says the Appeal Board hasn't given a decision - I have called him several times.

Hagerty: Seems to me the Board of Appeals should have turned them down - no map has been submitted.

The discussion reverted to the Tello pit. Watson told the Selectmen that he had no fear of ledge 'I had a 'TD' bulldozer dig down out of sight'

Kidder told Tello and Watson that 'I appreciate you coming up and telling us this, even though you started off on the wrong foot.'

The new gravel pit will be discussed further, Thursday evening, before the Board of Appeals.

**TO HARRY J. AINSWORTH, CONSTABLE OF THE
TOWN OF WILMINGTON**

Greetings: In the name of the Commonwealth of Massachusetts and in the manner prescribed in the By-Laws of said Town, you are hereby directed to notify and warn the inhabitants of the Town qualified by law to vote in Town affairs to meet and assemble at the Herbert C. Barrows Auditorium, Church Street, on Monday, the Seventeenth Day of August next at 8:00 pm., to consider and act on the following Articles -

ARTICLE 1. To see if the Town will vote to reaffirm and ratify the action taken at the Annual Town Meeting in March, 1959, under Article 15 of the Warrant for said meeting, whereby it was voted 'to appropriate the sum of \$75,000.00 for the purpose of constructing a Municipal Garage or Public Works Building on land owned by the Town off Andover Street and to meet said appropriation that the Treasurer with the approval of the Selectmen be and is hereby authorized to borrow the sum of \$70,000.00 and to issue Bonds or Notes of the Town therefor from time to time, payable in not more than ten (10) years and to raise by taxation the sum of \$5,000.00 or do anything in relation thereto.

ARTICLE 2. To see if the Town will vote to reaffirm and ratify the action taken at the Annual Town Meeting in March, 1959, under Article 27 of the Warrant for said meeting, whereby it was voted 'to appropriate the sum of \$75,000.00 for the purpose of constructing and originally equipping and furnishing a new police station upon land already owned by the Town on Adelaide Street and to meet said appropriation that the Treasurer with the approval of the Selectmen be and is hereby authorized to borrow the sum of \$70,000.00 and to issue Bonds or Notes of the Town therefor from time to time, payable in not more than ten (10) years; that the sum of \$4,800.00 being the unexpended balance of the appropriation made under Article 40 of the Warrant of the Annual Meeting held in March 1958 be transferred and that the amount of \$200.00 be raised by taxation', or do anything in relation thereto.

ARTICLE 3. To see if the Town will vote to amend the

Zoning By-Law and Map by changing from a Neighborhood Business District to a General Business District the area of land bounded as follows: Beginning at the southeast corner of Lowell and Woburn Streets, running east along Lowell Street for 200 feet and turning 90° south and running 150 feet, then west parallel to Lowell Street to Woburn Street, then north along Woburn Street 150 feet to point of beginning.

and by changing from a Single Residence A District to a General Business District the area of land bounded as follows: Beginning at a point in the northerly line of Lowell Street at the point of curve between Lowell and Woburn Streets and running northerly by the arc of curve a distance of 87 feet to a point in the easterly line of Woburn Street; thence running northerly by said easterly line of Woburn Street a distance of 110 feet to a point; thence turning and running easterly a distance of 255 feet more or less to a point; thence turning and running southerly a distance of 170 feet, more or less to a point in the northerly line of Lowell Street; thence turning and running westerly by the northerly line of Lowell Street a distance of 285 feet to the point of beginning., or do anything in relation thereto.

Hereof fail not and make due return of this Warrant, or a certified copy thereof with your doings thereon to the Town Clerk, as soon as may be and before said meeting.

GIVEN UNDER OUR HANDS AND SEAL OF SAID TOWN THIS
DAY OF JULY, A.D. ONE THOUSAND NINE HUNDRED AND FIFTY NINE.

**HAGERTY REQUESTS
AID OF REPS IN ROAD REPAIR**

Reporting that 'too many people are having to spend money for repairing their cars', Selectman Frank Hagerty, Monday night moved that the Board of Selectmen request State Representatives Frank Tanner of Reading and Tom Donohue of Woburn to intervene immediately on the road situation, alongside Route 93.

Hagerty stated that he knew of one man who had an \$175 repair bill, and another who had a \$75 bill, for car repairs.

Tanner and Donohue will be asked to see that the State Department of Public Works is apprised of the condition of town roads torn up by trucks working on the new highway.

ANOTHER BILLION DOLLAR YEAR

Just a year ago, the month of July 1958, saw the highest total of home building nationally in over 2½ years. Private housing starts reached a seasonally adjusted annual rate of \$1,160,000- the largest volume since January 1956, according to the labor Department. Now, a year later, the President of the National Association of Real Estate Boards has announced that the U.S. is currently building at a rate of 1.4 million family units (homes and apartments) a year. As the Banker and Tradesman suggests: 'for purely psychological reasons...quit talking about a 'boom' and classify it as a 'recovery'--and then let's keep on 'recovering'

THE SELECTMEN'S MEETING Discussion of Operation Gravel Stop

The Selectmen, Monday evening discussed the actions of certain policemen, in Operation Gravel Stop, and found it not to their liking.

They objected to the police acting as 'attorneys for the gravel haulers'.

Selectman Hagerty pointed out that he believed the police should have obeyed 'legal orders' and not have a talk about 'a fake highway' a statement with which Chairman Don Kidder agreed. Kidder said he was told by one police man that 'Mathway was bringing in a plan of the Right of way', which he indicated he felt was a problem of the Town Manager and Town Counsel.

Westdale Avenue

Nick De Felice brought up the problem of water near Westdale Avenue, reporting that a resident of the street had written a letter to the state engineers about the problem, the water being apparently blocked by Route 93.

'The answer', Mr. De Felice reported, 'was beautiful'.

Other Gravel Pits

A discussion of a pit which is finished, but for which the bond has yet to be removed, found the Selectmen agreeing that there was only a minor difficulty in the way, which could be removed with a few hundred dollars in labor at the pit. The owner is to be advised 'not to worry' about it.

In another operation, where a man is attempting to do some landscaping The Selectmen were

of the opinion that the individual was attempting too much. The Building Inspector was advised that the man should have a plan drawn of the proposed operation, which would let him see what can and cannot be done.

Three people visited the board to protest noise at a recent carnival. Their protest was taken under advisement.

A license for junk collection was renewed, for Frank McLaughlin, of Ballardvale St. with the proviso that there be no storage on his property.

A license request, from a Tewksbury man was taken under advisement.

A letter was received from the Board of Health reporting that a garage was being used as a private residence.

The resignation of Town Engineer Maynard was noted, and the Selectmen expressed regret that he chose to transfer to North Reading.

A memo from Mr. Maynard regarding Dunton Road was read. Mr. Maynard felt it would cost \$300 to complete the 30 feet on this street, and further felt that this would not alleviate the damages being done by rain water to a private estate. He estimated that an additional \$200 would be needed for a 'swale' and also there would be need of an easement over private property.

CALABRESE IS NOW IN CONNECTICUT

Alfred Calabrese, former Town Manager of Wilmington is now in Westport, Conn., in his new post as Principal Assessor of that town. Calabrese started on his new duties Monday.

ROTARY OUTING NEXT WEDNESDAY

Business men of Wilmington and their friends will declare their annual half-holiday, next Wednesday, for the annual outing of the Wilmington Rotary Club.

The outing is to be at the Tyngsboro Country Club.

TOWN OF WILMINGTON MASSACHUSETTS

PLANNING BOARD PUBLIC HEARING

The Wilmington Planning Board will hold a public hearing in the Town Hall, at 8 pm on Tuesday August 11, 1959, on the following rezoning article, for the special Town Meeting of August 17th.

ARTICLE 3: To see if the town will vote to amend the Zoning By-Law and Map by changing from a Neighborhood Business District to a General Business District the area of land bounded as follows: Beginning at the southeast corner of Lowell and Woburn Streets, running east along Lowell Street for 200 feet and turning 90° south and running 150 feet, then west parallel to Lowell Street to Woburn Street, then north along Woburn Street 150 feet to point of beginning.

and by changing from a Single Residence A District to a General Business District the area of land bounded as follows: Beginning at a point in the northerly line of Lowell

Street at the point of curve between Lowell and Woburn Streets and running northerly by the arc of curve a distance of 87 feet to a point in the easterly line of Woburn Street thence running northerly by said easterly line of Woburn Street a distance of 110 feet to a point, thence turning and running easterly a distance of 255 feet more or less to a point; thence turning and running southerly a distance of 170 feet, more or less to a point in the northerly line of Lowell Street; thence turning and running westerly by the northerly line of Lowell Street a distance of 285 feet to the point of beginning, or do anything in relation thereto.

LETTER

Thursday July 23rd.
 Aguacaliente, Mexico
 Dear Larz

Many miles and many experiences by the MacDougalls since leaving El Paso, Texas. Our first Mexican stop over was in Juarez. Hot, dirty, crowded, peso picking town. Saw first bull fight on Sunday afternoon. Same pagentry, much excitement and noise, (music) and 6 bulls killed. Excitement when a young girl matador was picked up by the bull and landed on sand relatively unhurt. She got up and killed the bull. The special attraction was an imported matador. He ended up by being gored in the thigh and was carried out bleeding profusely while four cape men kept the bull busy. The kill, by a poor substitute.

The country in general so far has been much like lower New Mexico and Texas along the Rio Grande. Much semi desert growing giant cacti and rather lean looking cattle. A few areas of irrigation raises cotton, corn and vegetables. Mining is prominent in many areas on this central plateau. Chihuahua was a short stop with little of attraction except the cathedral. No dogs of that name were seen, are rais-

ed out of town.

On getting to Parral, we parked in an open field with the city providing a special policeman day and night. Had very interesting visit to a mine producing chiefly lead and zinc. The guide we had was Japanese and graduate of M.I.T. in 1957. He seemed very well acquainted with all of our greater Boston historical sites.

Our stop in Durango was made on the premises of the Carnation Milk Condensing plant with a mountain of almost pure iron in the close background. The ore produces an 80% yield of good grade iron. A most interesting geologic formation as it is a very discreet deposit.

Our longest stop was in Zacatecas. We have just finished three days of concentrated entertainment as guests of the tourist bureau. Here we parked in a beautiful city park. Each morning a brass band woke us at 8 a.m. with stirring music. Each evening we had dance recitals by the various Indian dance groups. On our arrival, the Mayor was there to welcome us. Then later a reception by the Governor of the State. The next day was sight seeing about town, the churches, the native market etc. That evening, a dance was given in our honor with entertainment by Maxiclie players and singers and a fine stringed orchestra for dancing. Refreshments consisted of tequila (as much as you desired or could walk away with), tamales all wrapped in corn husks and a coconut soup like dish, the name of which I don't remember. Needless to say, a large evening by all.

Next was a trip to Guadalupe and the Franciscan Monastery and its fabulously decorated alters with pure gold in such quantity that it was breathtaking. We did not get to see the mummies in the basement. That noon we were entertained for lunch at the country club. By the way, all of the food, drinks and entertainment is free. We are the guests of the city and civic groups. I attended Rotary here, meeting starts at 9:30 p.m. and ends at 11:30 p.m. An 8 piece orchestra and 5 course dinner appears to be the regular program.

Our final day as guests of the city was spent on a 120 mile bus trip to see an irrigation project and the Aztec ruins of Chucumostoc. When first seen by the Spaniards in the early 1500's they were ruins then, having been occupied in the late nineteenth century.

The day ended with a dance by the Charro Society in a big tile paved court yard with the bright stars for a ceiling. The costumes of some were very

colorful, the music exciting, and dancing until 4 a.m. You may rest assured that knowing a day on the road was in prospect, we went to bed long before the native dancers had finished drinking tequila and rum and swinging their senioritas.

We are now in Aguacaliente (hot water) but hope its name should not be taken literally. Be assured that we all are having a fine trip.

The MacDougall family

BIRTHS

WICKS, Lisa Faye born July 15, to Mr and Mrs Lloyd Wicks of Green Cove Springs, Florida. 5th girl, 7th child.

Everybody on Lang Street ate Lobster, last week after Del Hunter caught this monster, while skin diving off Cape Ann. He noticed the lobster while returning to shore, and only 10 feet from the edge of the water.
